

**Public Lectures**  
**Assistant Professorship in Paleogenetics**

**Thursday, 1. September 2016**

**09:00 – 11:20**

Irchel Campus

Winterthurerstrasse 190

8057 Zürich

Y03-G-91

**09:00 – 09:20**

**Ana Duggan, PhD**

McMaster University, Ontario

*Integrating Genetics and History: Migrations and Disease*

**09:30 – 09:50**

**Laurent Frantz, PhD**

University of Oxford

*Evolutionary biology and ancient genomics: what can we learn from the recent past?*

**10:00 – 10:20**

*Coffee break*

**10:20 – 10:40**

**Anna Malaspinas, Assistant Prof., PhD**

University of Bern

*The peopling of the world: insights from theoretical population genetics and ancient genomics*

**10:50 – 11:10**

**Verena Schuenemann, Dr. Dr. rer. nat.**

University of Tuebingen

*Ancient pathogen genomics: Novel insights into the evolutionary history of pathogens*
