

**BIO 442 (FS 2022) Evolutionary Medicine: Health and Disease in Modern Humans**

**Lecturers:**

Adrian Jäggi (AJ), Kaspar Staub (KS), Nicole Bender (NB), Adam Hunt (AH)

**Room: Y42 G53 (Irchel)**

**Language/slides: English**

Date	Teaching Time	Title (Lecturer) (Room: Y42 G53)
Tuesday 12.04.	13:00-17:00	Evolutionary processes in disease; human evolution (AJ)
Wednesday 13.04.	9:00-12:00	Mismatch: adaptation and plasticity gone wrong (NB)
	13:00-17:00	Human biological variation: social determinants of health, life history (AJ)
Thursday 14.04.	9:00-12:00	The end of natural selection? Secular trends in health and disease (KS)
	13:00-17:00	Historical epidemiology: past pandemics (KS)
		STUDENTS CHOOSE A SUPERVISOR
Friday 15.4.		Good Friday, no course
19.4.-22.4.		Easter Break, no course
Tuesday 26.04.	13:00-17:00	Evolutionary psychiatry and mental health (AH)
Thursday 28.4.	15:00-17:00	Proposal presentations
4./5./6.5.	10:00-11:00	Journal club, led by students
11.5.	Starting 13:00	Final presentations + Aperó
