

Institute of Evolutionary Medicine (IEM)

Seminars in Evolutionary Medicine FS2017

Wednesday, 16:15 - ca. 17:00, UZH Irchel Campus, Room Y42 G53

- 01.03.2017 Prof. Dr. **Christina Warinner** (Max Planck Institute for the Science of Human History, Jena): *"The evolution and changing ecology of the human microbiome."*
- 15.03.2017 Dr. **Natasha Arora** (Department of Anthropology, University of Zurich): *"Genomic sequencing of Treponema and what it tells us about the past and present of syphilis."*
- 29.03.2017 Dr. **Barbara Fliss** (Institute of Forensic Medicine, University of Zurich): *"Virtopsy® - a new approach for forensic medicine and anthropology."*
- 12.04.2017 Prof. Dr. **Roland Wenger** (Institute of Physiology, University of Zurich): *"Molecular genetic mechanisms of high-altitude adaptation."*
- 26.04.2017 Prof. Dr. **Ursula Wittwer-Backofen** (Biologische Anthropologie, Freiburg): *"How can anthropology contribute to global urban health?"*
- 10.05.2017 Prof. Dr. **Wulf Schiefenhoewel** (Max Planck Institute for Ornithology, Seewiesen): *"Via trita, via tuta. Birth and early infancy along evolutionary pathways."*
- 24.05.2017 **Mini-Symposium "Evolutionary origin of back problems"**: Keynote by Prof. Dr. **Christine Tardieu** (Muséum National d'Histoire Naturelle, Paris): *"The evolution of the human spine as a result of adaptation to bipedalism."*
The Mini-Symposium will be announced separately.

All talks are public events and participation is free. Registration is NOT required.
